

**Commercial Chemical Collection Service Providers
Updated June 2008**

Listed below are waste disposal service providers who may accept quantities of household chemicals and products and also commercial/industrial chemicals. Alternatively, check the Yellow Pages under 'waste reduction and disposal services' for a full listing of disposal companies.

Please note, customers should ring listed companies to confirm:

- **associated disposal costs**
- **chemicals that can be accepted and size/weight allowances (minimum charges may apply)**
- **facility address, pick up/drop off arrangements and opening times.**
